“Kristin works miracles. It’s amazing to watch her keep order and process amongst chaos in the court room. The level of support she provides for the attorney is unmatched. Always 2 steps ahead so that the clients are never behind, Kristin ensures success through effective communication and organization.”

“Words cannot express the gratitude I feel for Kristin. She was part of the legal team that represented my brother and I after our mother was hit and killed by a drunk driver. She helped me through the worst time of my life and quickly became family. She went above and beyond years later when I wanted to meet the woman who killed my mom, and drove me to and from the jail so I wouldn’t have to be alone.”

THE ADVANTAGE OF WORKING WITH ME

I am hard working and diligent in my effort to develop and maintain long standing client relationships. I have a traditional litigation approach mixed with creative, outside-the-box thinking. I appreciate opportunities to grow and overcome challenges, and understand each case presents their own. A love of sports has allowed my competitive side to come out at work, resulting in a focused desire to obtain a favorable outcome for our clients.

PERSONAL INTERESTS

Sports are a huge part of my life! I love to watch and play, although playing has been traded in to watch my daughter live her passion. Softball is our favorite and you can usually find us at the ball park, traveling from tournament to tournament from Spring through Fall. We don’t just love softball, though. One of our best memories was a recent trip to Kansas City to cheer against one another on Christmas Eve when the Chiefs played the Seahawks.
